UNIVERSITY PROPERTIES OF FINLAND LTD
BICYCLE PARKING AREA DEVELOPMENT PROJECT

University Properties of Finland Ltd is carrying out the bicycle parking area development project in the front of the S2 door in 8-9/2018. Construction work will start in 27.8.2018, and the bicycle parking area will be finished and ready for use in late September 2018 in accordance with the target schedule. Main constructor for the construction work is VRJ Pohjois-Suomi Ltd, which is responsible for the security of the area and for notifying on exceptional situations.

The construction area restricted with fences during week 35/2018 is shown in the map below. Bicycle parking areas at the construction site will be out of use during construction. There will be substitute bicycle parking near R door and Tietotalo. We kindly ask to park your bicycle to the substitute parking area from the beginning of the week 35/2018. S2 door will be in use during the project.

The signs in the construction area should be obeyed during construction work. For safety reasons, trespassing and staying at the construction area is strictly forbidden. When needed, the constructor will notify on exceptional arrangements in the area, and on things which affect its use.

We apologize for the disturbance and special arrangements caused by the work.

In cooperation with:
- Building contractor VRJ Pohjois-Suomi Ltd / Supervisor in charge, Arto Venäläinen, p. 040 5573 586
- Construction Management Company Promen Ltd / Supervisor Ismo Lehtonen tel. 040 553 8030
