**M**y great appreciation and thanks are due to my co-editors Professor Rui Reis and Dr Federica Chiellini. Many thanks are due to peer-reviewers who made keeping the quality possible. Special thanks are due to Dr. Z Tang for assisting in the process of review and editing. Thanks are also due to efficient administrative assistance provided by Mari Keijlola, Sanna Tapiola and Marianne Forsberg. Professional work with the web and artwork was provided by Presentor Oy, Helsinki, Finland (Liisa Tornianen and Lauri Grönholm) and it deserves special recognition. Funds received from the European Commission through the network of Excellence "Expertissues" are greatly appreciated.
