The Scandinavian Studies Programme is a 32 ECTS (16 US) credit introductory level programme that is organized every fall semester (Sept-Dec). The programme is designed to give the participants a broad overview of Scandinavian history, culture and everyday life. The courses include studies in the fields of History, Social Studies, Cultural Studies, Literature, and Political Science.

Participants include both Finnish and international students from different countries. This provides an excellent opportunity for intercultural interactions with students from different cultures and backgrounds.

Exchange students coming from the bilateral partner institutions (outside Europe) and from the Erasmus partner institutions/departments of the Faculty of Humanities have priority for enrolment to the Scandinavian Studies programme. Students from other Faculties are also welcome to the courses where there is room.

Applications must reach the University of Oulu by May 31st. The application form can be found at www.oulu.fi/intl. For further information, please contact the Scandinavian Studies Coordinator, or talk to the Coordinator of International Programmes at your home university.

The syllabus and schedule will be available in August at the programme website, www.oulu.fi/scandinavianstudies/

Upon completing the programme, students will be able to identify various aspects of Finnish and Scandinavian culture, history, political systems, literature and everyday life.
