**Tandem studies**

Tandem is a study exchange program in which students work together in pairs (or occasionally trios), each participant being a native speaker of his/her partner's target language; thus both can share information about their own language and culture. The other language should always be Finnish.

**Aims**

- To have the chance to get to know the target language and culture under the guidance of a native speaker, as well as improve oral communication. In exchange, the native speaker can share information about his/her own culture and way of life.
- To use both languages equally so as to offer both language speakers practice in the target language.
- To increase contacts between Finnish and foreign students.
- To help foreign students adapt to life in Finland and provide the Finnish students with the opportunity to have cross-cultural contacts.

**Target group**

Tandem is intended for all the students of the University of Oulu and in general for all the language levels, including beginners’ level.

The following proficiency levels are required from the Finnish students of these languages:

- German-Finnish tandem, CEFR level A2/B1
- Russian-Finnish tandem, CEFR level A2/B1
- English-Finnish tandem, CEFR level B1
- French-Finnish tandem, CEFR level A2/B1

In other languages no proficiency level is required.

No Finnish language skills are required from the foreign students.
