Call for proposals 2/2020

Targeted call for Early stage researchers’ networking actions in the Arctic research, especially

- research and education activities in the University of Arctic Thematic Networks, Arctic Five collaboration, or others in the Arctic.

Who can apply?

- Post doc researchers (less than 10 years after PhD) at the University of Oulu.

Proposals should include both internal (UniOulu) and international networking in research and/or education activities that strongly promote and initiate international multidisciplinary cooperation between research groups in the Arctic research. There must be members of at least three research groups and two countries included to the networking.

The total money allocated to postdoc grants is 15 000 €. The total sum of one grant can be max. 5000 €, and the grant must be used before the end of year 2020.

Application form: https://link.webropolisurveys.com/s/ARN2-2020

Appendices: 1) Action plan (max 2 pages) with detailed budget 2) CV (max 3 pages).

The call is open with no deadline until 31st of October.
Approval of submitted proposals

The management of AR Network organizes continuous independent evaluation to proposals. The Funding decisions will be taken - from the beginning of August through the open time of the call - within three weeks of the submission of the application.
