	Any other courses listed in any MSc line in biochemistry				
	Total ECTS credits (Optional studies)	**15**	**20**		
	Optional studies at any university (0-15 ECTS credits)				
	Up to 15 ECTS credits of courses can be taken from other suitable courses taught at any university. Also courses given by research units eg. Biocenter Oulu will be accepted. Courses must be connected to biochemistry or logically support some aspect of it and be at an appropriate level. The content of the courses must not be too similar to other courses which have counted towards the students BSc degree or towards their MSc. In all cases Amanuensis Jari Heikkinen should be contacted to confirm acceptance / suitability. We would advise that this is done before the course is taken, especially in the case of courses taken from universities outside Finland. A list of previously accepted courses can be found on the teaching pages of the faculty web pages, please consults this list before contacting Amanuensis Jari Heikkinen.
