

CALL FOR SUMMER TRAINEES AT CWC & SCHOLARSHIPS FOR TRAINEES

The Centre for Wireless Communications (CWC) and its units Radio Technologies and Networks and Systems operate at the Faculty of Information Technology and Electrical Engineering (ITEE) at the University of Oulu. Its mission is to conduct world-class research, train world-class graduates, create new technologies and support the industry.

CWC offers both summer training positions and scholarships for trainees to conduct the advanced practical training (syventävä harjoittelu) for two months. Training can be allocated for June-August period based on later agreement with a training topic supervisor. The scholarship for trainees is 1500 €. The scholarships are aimed at M.Sc.(eng.) students of the University of Oulu enrolled in

- a) the study programme of electrical engineering with the focus on communications engineering or
- b) the Wireless Communications Engineering -masters programme

To be eligible to apply, all applicants must satisfy the following conditions:

1. The applicant has to have finished her/his Bachelor's degree at the time of applying.
2. The applicant shall not have received a trainee scholarship from CWC or ITEE before.

Along with your e-mail application you are expected to send us your application letter, CV and your latest transcript of records. In the informal application letter the applicant should express whether she/he is interested in hardware or software oriented training topics. Also a favorite training task/topic can be expressed in your application. With one application you apply both training topic and scholarship at CWC. If a student after an application period will have a possibility to get a hired training topic in contract-research project, he/she will get monthly salary, and training scholarship is not paid for such student.

Applications with attached scanned documents have to be submitted electronically by 8th May, 2017 at 16:00 to Kari Kärkkäinen's e-mail address: Kari.Karkkainen@oulu.fi. When sending documents in pdf-form as e-mail attachments, use naming rules: *Application_firstname_familyname*, *CV_firstname_familyname*, *Transcript_firstname_familyname*.

The nominations will be made on the second half of May, and the work can be started 1st June 2017. If necessary, nominated applicants will be called for an interview in order to define detailed training tasks for each applicant/group of applicants.

The grant will be paid once the practical work has started. At the end of training a student has to submit an acceptable training report for his/her training supervisor in order to get 3 ECTS credits for 521016A Advanced Practical Training subject.
