Kontinkangas Campus Seminar Series includes seminars with different times and different formats:

- **Kontinkangas Campus Research Talks** are traditional invited guest or local expert seminars
- **R3 Brown Bag Lunch seminars** bring together different topics (mostly currently in Linnanmaa)
- For the early birds, **R3 Morning Coffee Seminars** give a new occasion to hear and meet colleagues in a more relaxed surroundings
- **HBS-DP Research Plan Seminars** include presentations by doctoral students about their PhD research

**Credits:** 0,5 ECTS (Attendance to 10 seminars)

**Registration:** Seminars are open for everyone without registration. PhD students: Remember to sign in for earning ECTS

**What:** Kontinkangas Campus Seminar Series includes several interesting presentations from both local and invited high-level researchers.

The topics intends to cover all Health and Biosciences related disciplines.

**To whom:** Seminars are for everybody: doctoral students, researchers and clinicians etc. across Medicine, Biochemistry and Molecular Medicine, Dentistry, Health Sciences and Biology.

**Info contact:** Mirja Peltola, HBS-DP coordinator, mirja.peltola (at) oulu.fi, tel. 0294 48 5447

**** Coffee is served before or the seminars – be there on time! ****
Programme spring 2019

March 12, 12.00-14.00, Leena Palotie Auditorium,
R3 Brown Bag Lunch Seminars
Ali Mobasher: Biomarkers of extracellular matrix degradation and repair in osteoarthritis: lessons from fibrotic diseases

March 19, 14.00-15.00, Leena Palotie Auditorium,
Kontinkangas Campus Research Talks
Dr. Yoshitaka Fujihara: Analysis of mouse models of male infertility using genetic modification

March 20, 11.00-12.00, Linnanmaa Tellus Areena,
R3 Brown Bag Lunch Seminars
Mirka Hintsanen, FEducation and Sylvain Sebert, FMED

March 21, 8.30-9.15, Ravintolaraitti, Kieppi
R3 Morning Coffee Seminars
Lloyd Ruddock, BCO and FBMM: Folding towards a healthier tomorrow

March 25, 15.00., 116B
HBS-DP Research Plan Seminar

March 28, 12.00-13.00, Kontinkangas, 338B,
R3 Brown Bag Lunch Seminars
Robert Winqvist, BCO, FMED and Ville-Veikko Telkki, Kvantum, FScience

April 9, 8.30-16.00, Leena Palotie Auditorium
Biocenter Oulu Day 2019

April 25, 8.30-9.15, Ravintolaraitti, Kieppi
R3 Morning Coffee Seminars
Mika Ala-Korpela and Johannes Kettunen, BCO and FMED: Large-scale systems epidemiology - what an earth is that?

April 29, 14.00., 116B
HBS-DP Research Plan Seminar

May 15, 15.00-16.00, F101
Kontinkangas Campus Research Talks
Dr. Alberto Podjarny: The use of neutron crystallography to solve biological puzzles

May 16, 8.30-9.15, Ravintolaraitti, Kieppi
R3 Morning Coffee Seminars
Johanna Magga, FMED, BCO emerging: Meeting with the TGFβ family: Growth differentiation factors in cardiovascular diseases

May 23, 15.00-16.00, F202
Kontinkangas Campus Research Talks
Justus Reunanen, BCO and FMED: Extracellular vesicles of the human gut microbiota
Terhi Tapiainen, FMED, OUH, BCO emerging: Fetal microbiome and health

May 27, 14.00., 116B
HBS-DP Research Plan Seminar
May 28, 15.00-16.00, F202
Kontinkangas Campus Research Talks
Dr. Niels Behrendt: The endocytic collagen receptor uPARAP/Endo180 as a novel therapeutic target in mesenchymal cancers

May 31, 13.00-14.00, F202
Kontinkangas Campus Research Talks
Scott F. Gilbert, Development biologist, emeritus: Holobiont evo-devo: the importance of developmental symbiosis for evolution

June 6, 15.00-16.00, F202
Kontinkangas Campus Research Talks
Gonghong Wei, BCO and FBMM: Translating prostate cancer genetic discoveries to the clinic
