SCHOLARSHIPS FOR MASTER’S THESIS WORK

Centre for Wireless Communications, and its research units Radio Technologies (CWC-RT) and Networks and Systems (CWC-NS), operates within the Faculty of Information Technology and Electrical Engineering (ITEE) at the University of Oulu. CWC’s mission is to conduct world-class research, train world-class graduates, create new technologies and support the industry.

CWC offers scholarships of 3000 € for Master’s Thesis Work. The scholarships are aimed at M.Sc.(Eng.) students of the University of Oulu enrolled either in the Degree Program of Electronics and Communications Engineering (ECE) with focus on Communications Engineering or Radio Engineering study options, or in Wireless Communications Engineering (WCE) International Master’s Degree Program consisting of WCE-RAN and WCE-RF study options. To be eligible to apply the grant, all applicants must satisfy the following conditions:

1. The applicant is lacking at most four courses required for the WCE-RAN or WCE-RF study options of WCE Master’s Degree program, or for the Communications Engineering or Radio Engineering study options of ECE Master’s Degree program.
2. Mandatory training report for 521016A Advanced Practical Training 3 ECTS course has been submitted for evaluation.
3. The applicant has not previously received a Master’s Thesis scholarship from CWC research units and is not employed by University of Oulu. Students doing master’s thesis as an employee of other organization are not eligible.

CWC is committed to offering an inspiring Master’s Thesis topic related to Communications Engineering as well as high-quality supervision for the scholarship receivers. Access for necessary material and software is also provided.

Send your application with e-mail including your CV, your latest official transcript of records, as well as a short motivation letter describing your interests (type of thesis topic, etc.) by 31 January, 2022, 15:00 o’clock local Helsinki time to Dr. Kari Kärkkäinen, Centre for Wireless Communications – Radio Technologies Research Unit (CWC-RT), PL 4500, 90014 OULUN YLIOPISTO, Finland. E-mail address is shown below.

Grant decisions will be made right after the deadline and the thesis work can begin immediately in January 2021 if student already has a topic. The grant will be paid once the applicant’s master’s degree process has been initiated in Laturi and approved by the Chair of the ECE Master’s Program. Scholarships are only for students who are present in Oulu (having apartment and Finnish bank account). However, master’s thesis topics are offered also for WCE students still living abroad due to COVID-19, or residence permit problems.
