Accessibility statement

This accessibility statement applies to the University of Oulu service Eforms electronic forms and has been prepared / updated 10.12.2020. The service is subject to the Act on the Provision of Digital Services, which requires public online services to be accessible.

We have assessed the accessibility of the service ourselves.

Digital service accessibility status

Partially meets the accessibility requirements. Website is not yet fully compliant.

Unattainable content and its shortcomings

In certain parts of the site, there is a low contrast in the background color relative to the color of the text.

Accessibility requirements not met

1.4.1. Use of colours.

Did you notice the lack of accessibility in our digital service? Tell us and we'll do our best to address the deficiency.

By email: ict@oulu.fi

Supervisory authority

If you notice accessibility issues on the site, first give feedback to us, i.e. the site operator. The answer can take 14 days. If you are not satisfied with the answer you have received or do not receive a reply at all within two weeks, you can report it to the Regional State Administrative Agency of Southern Finland. The website of the Regional State Administrative Agency of Southern Finland (in Finnish) explains exactly how the notification can be submitted and how the matter is handled.

- saavutettavuus(at)avi.fi
- phone number 0295 016 000
We are constantly working to improve accessibility and are committed to improving the accessibility of digital services

The appearance of the service is currently being renewed. The new user interface look considers accessibility in terms of colors, for example. The new user interface look will be updated in 2021.
