

The course contains four compulsory exercise works which have to be returned before the exam. The course can be done so, that the third of these four exercise works is included in the courses credits. Explicit instructions of the third work are given later.

The exercise works are to be returned to Jukka Isohätälä to the room TE319. He gives also instructions concerning them if needed. The work can be returned and questions can be asked also through email: jisohata@paju.oulu.fi

Exercise work's report should include the following information:

- title page with
 - a) name, email, study program and year of beginning of your studies
 - b) the number of exercise work
 - c) the dates of giving and returning of the exercise works
- what was to be done and how it was done
- print of the source code of your program
- print of an example run of the program
